

## Upper Campus Resident Supply List

Ojai Valley School views clothing from a practical viewpoint and is concerned with the condition, cleanliness and protective qualities of student wardrobe. Students are expected to show good sense and taste in determining dress. Clothing for off-school hours may be casual, but must be neat, clean, modest, and of appropriate size.

Hair should be one natural color and hairstyles should not be extreme. Hair should be neat, clean, brushed out of eyes. Male hair length should be above the collar, cut in an appropriate fashion. Male students are not allowed to wear earrings. The discretion of the Head of Campus will be a determining factor in specific decisions. Please see the student Handbook for more information regarding our dress standards.

The only electrical items permitted in the dormitory are desk lamps, clocks, computers, music devices and blow dryers. Any other electrical items are not allowed without permission from the Head of Campus.
